

## Greg Robison

864-630-7229   gjrobison64@gmail.com   203 Peaks Ct., Taylors, SC 29687

### Profile

I recently graduated from The Iron Yard's Front End Engineering program. This was a very intense immersive program where I learned HTML, CSS, JavaScript, and React. This was one of the most challenging yet rewarding experiences in my life, and now I want to put these new skills to work in the software development field.

### Experience

**LIFE AND HEALTH INSURANCE SALES, THE ASSURANCE GROUP;  
GREENVILLE, SC – 2015-2017**

I worked with clients evaluating their insurance needs, and providing solutions for them.

**LEAD ASSEMBLY TECH, AUTOMATION ENGINEERING; GREENVILLE, SC – 2012-2015**

I oversaw the assembly and installation of automated equipment. Our main clientele was the piping industry in Houston, TX. When the oil prices dropped they stopped producing as much pipe so our business slowed down.

**BUSINESS ACCOUNT EXECUTIVE, CHARTER BUSINESS COMMUNICATIONS;  
GREENVILLE, SC – 2010-2012**

I called on clients (small businesses) in the Greenville, Anderson and Spartanburg markets, and provided communications solutions in the form of telephone and internet through Charter's services.

**LIFE AND HEALTH INSURANCE SALES, RBC INSURANCE; GREENVILLE, SC – 2008-2010**

I worked with clients evaluating their insurance needs, and providing solutions for them.

### Education

New Mexico State University

### Skills

HTML, CSS, JQuery, BackBone, Bootstrap, and React. I work well with people and enjoy working in a team setting.
